# Decoration Options

Every item in this catalog can carry your logo. We stitch in-house on commercial multi-needle machines using Madeira thread.

**Left Chest**
Our standard logo spot on polos, jackets, fleece and hoodies.

**Sleeve**
A second, smaller logo or a department name.

**Back Yoke / Full Back**
Big logos for hoodies, jackets and event wear.

**Name Personalization**
Names on executive jackets and uniforms.

**Bag Panels**
Front pocket logos on backpacks, totes and coolers.

**Tone-on-Tone**
Black on black or navy on navy for a classy look.

**Logo placement:** Every item is embroidered unless noted. Some brands, like The North Face, Nike and Carhartt, carry their own logo on the chest, sleeve or hem. Check each photo for an open spot, and we'll place your logo where it looks best. Left chest is standard; if the brand logo is there, we'll use the right chest.

**Water-repellent jackets** (marked "embroidered only") are decorated with embroidery only, so the finish stays intact.

**Embroidery**
Premium, long-lasting and the right choice for polos, outerwear, fleece and bags. Your logo is digitized once and kept on file for every reorder.

**Heat Transfer**
Best for hi-vis safety wear, lightweight performance tees and large full-color back designs. Can be combined with embroidery on the same garment.

**Flame-Resistant Garments**
FR logos are stitched with Madeira Fire Fighter flame-resistant thread and a matching FR bobbin, so the logo keeps the garment's rating.

**Also Available**
Embroidered patches (sewn or heat-applied), heat transfers for large or full-color designs, name personalization and cap embroidery or heat transfers (front, side and back).

**Logo Setup**
One-time logo setup (digitizing): $60, kept on file for every reorder. Credited back on orders of $500 or more. A digital stitch proof is provided before every production run.

**Your Wish List**
Tick items in this catalog or build your list online. We'll quote everything you pick and go over it with you before anything is ordered.
